Growing the Future for Wood

The Softwood Lumber Board’s (SLB) ability to increase the market demand for softwood lumber boosts industry ROI, maintains forests as forests, creates jobs and strengthens communities.

2018 Program Impact

- 1,188 projects converted
- 35 jobs supported
- 4 million cars off the road
- 4.8+ billion board feet of new demand since 2012, thanks to the SLB investments — 1.2 billion board feet in 2018 alone.
- 926 million influencers reached, including architects, engineers, and developers, thanks to the SLB’s Think Wood pro-wood communications program.
- 775,000+ jobs
- Strong markets for lumber keep forests as forests.

3 new trees planted for every 1 harvested

New market opportunities

Over 175 mass timber projects have been constructed in the U.S. with more than 300 currently in the design phase.

1,188 projects converted in the U.S. in 2018, thanks to the collective impact of the SLB programs.

22.8% increase in purchase consideration

Strong markets support communities

- 515 mills
- 470 communities
- 32 states

97,000+ hours of education taken by pros
